

ЧАСТИ ТЕЛА

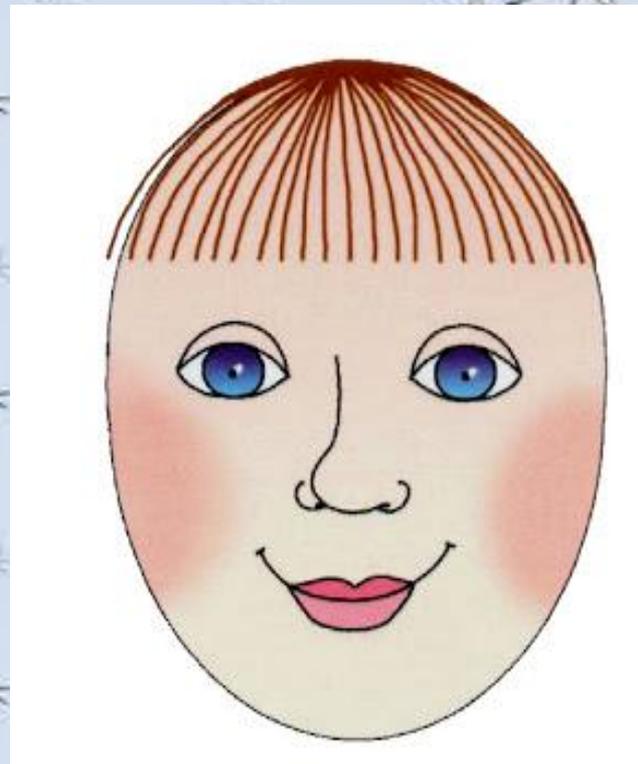

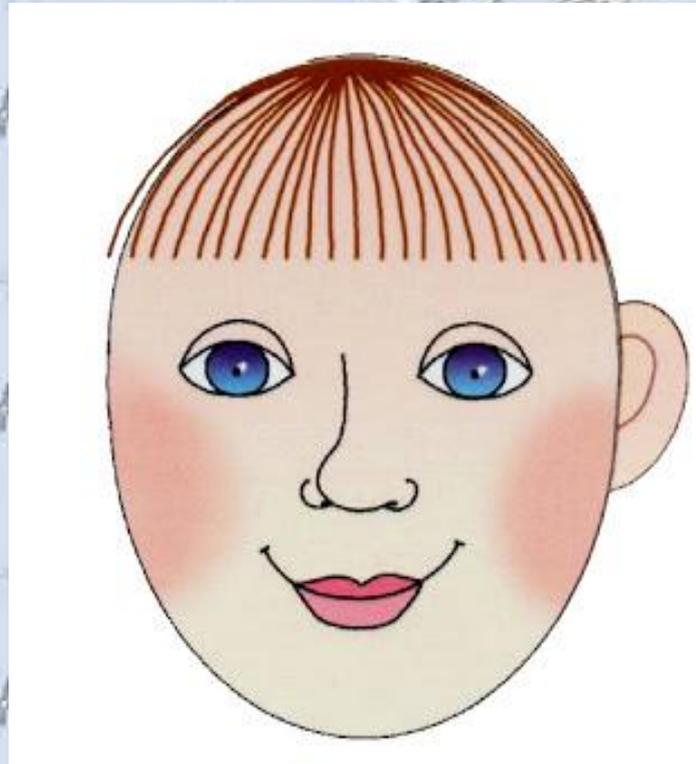

ЧАСТИ ТЕЛА

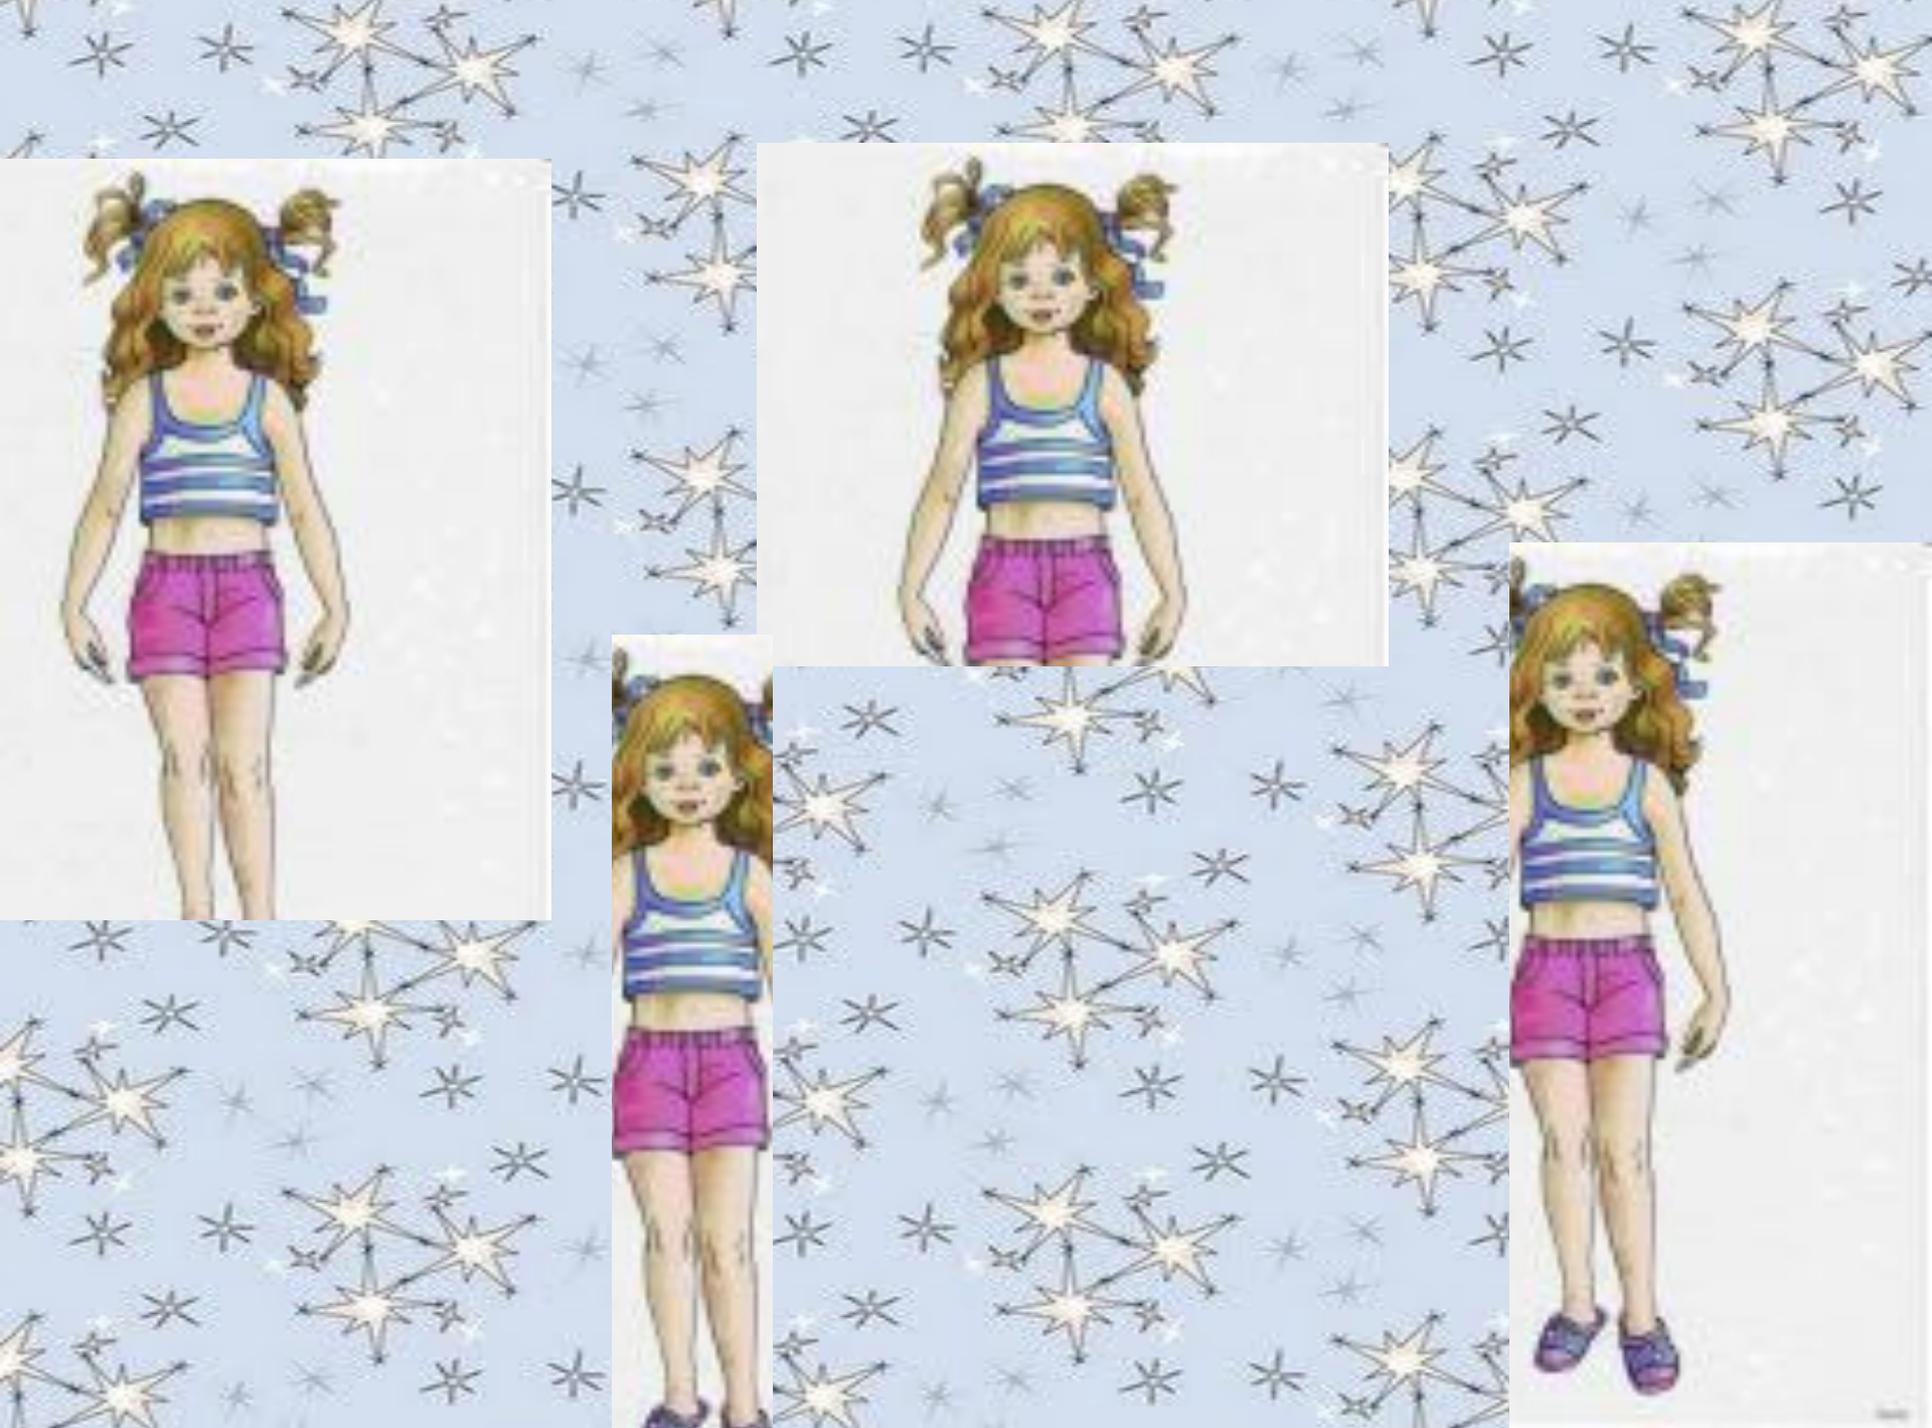

Попросите малыша показать, где у куклы рука. (Когда ребенок покажет руку куклы, попросите его показать свою руку.) Подобным образом показываем ноги, нос, рот, уши — на кукле, а потом обязательно находим эти части тела у малыша. Если задание вызывает затруднения, возьмите объемную куклу и найдите у нее руки, ноги, голову, глаза, уши, нос, рот.
