A red ceramic jar with a lid, featuring the text "первый сорт" (first grade) in white. The jar is made of a glossy red material, possibly ceramic or glass, and has a simple, rounded design with a small flared rim and a matching lid. The text is written in a bold, sans-serif font, with "первый" on the top line and "сорт" on the bottom line. The background is a plain, light color, making the red jar stand out.
