HOW TO MAKE A HAT FOR A  
CAT OUT OF A BEER CAN

The first thing you  
have to buy a bottle  
of beer and drink it,  
it will give you  
confidence and  
strength for the work  
ahead.

**SORRY**

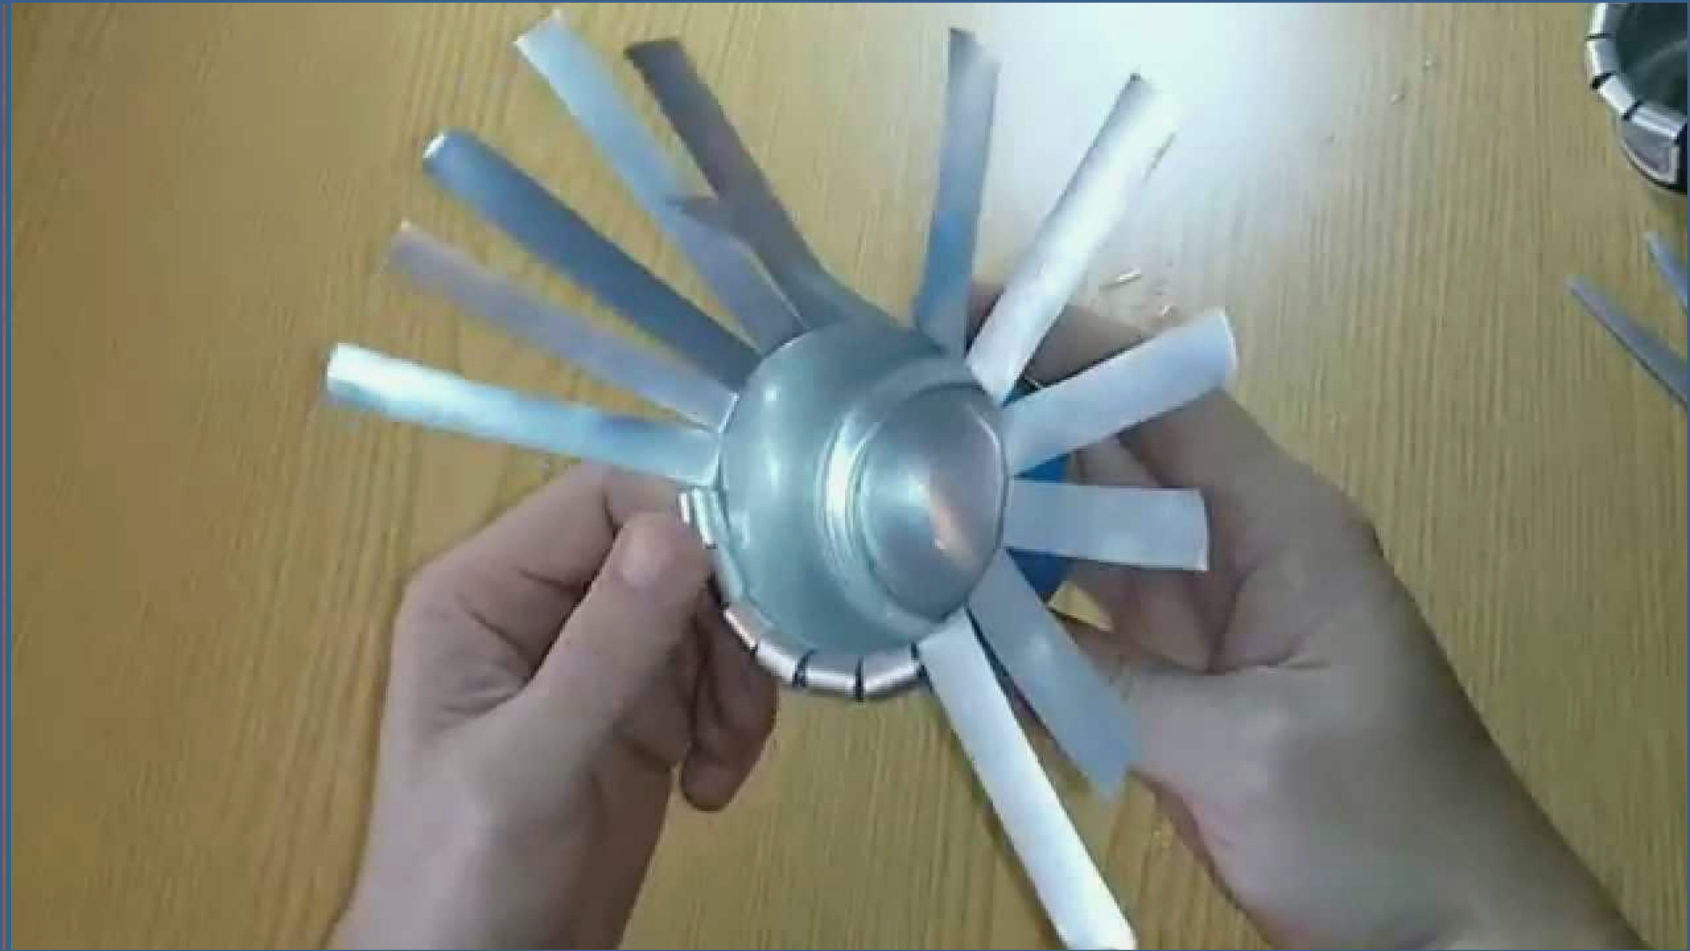

I did not took a picture  
of the process, but I  
have a wonderful guide  
how and where you  
need to cut the bank

**SORRY**

Sorry

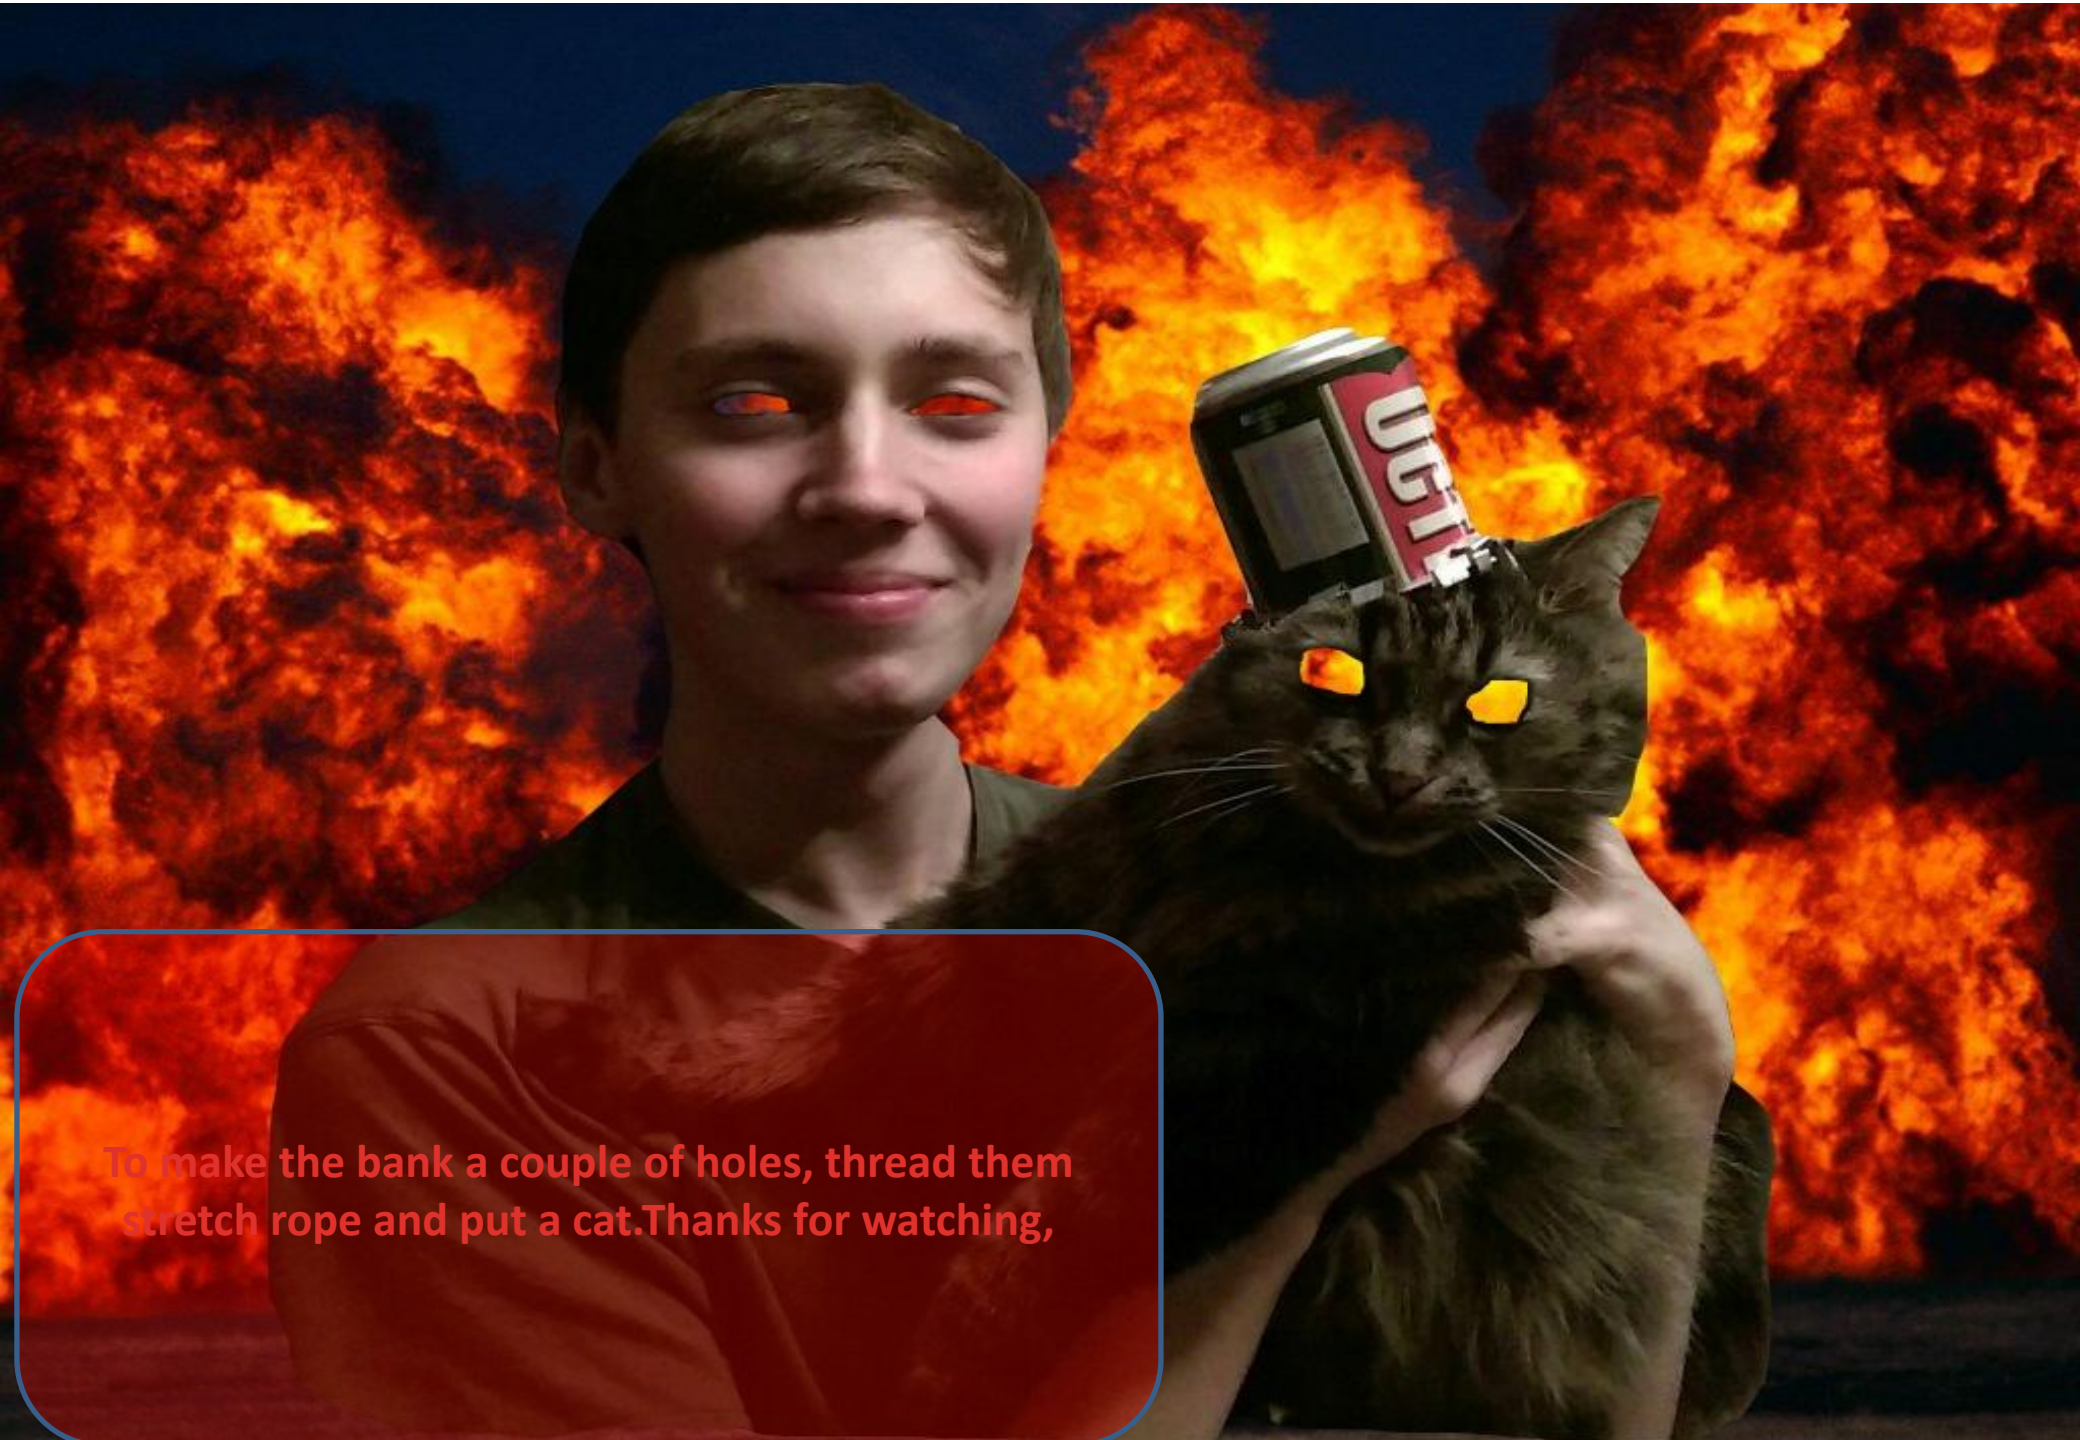

**Cut here**

**Cut the bank at approximately equal periods and take them to the beginning of our hat**

To make the bank a couple of holes, thread them  
stretch rope and put a cat. Thanks for watching,
