

3 top greatest personalities

A series of horizontal lines in teal, light blue, and white, extending from the left edge of the slide and ending on the right side, positioned below the title.

- *There are a lot of amazing people in our world. To my mind, choosing of the 3 top greatest personalities is impossible, because everyone is especial. I love music very much, so I chose a musician for showing at first.*

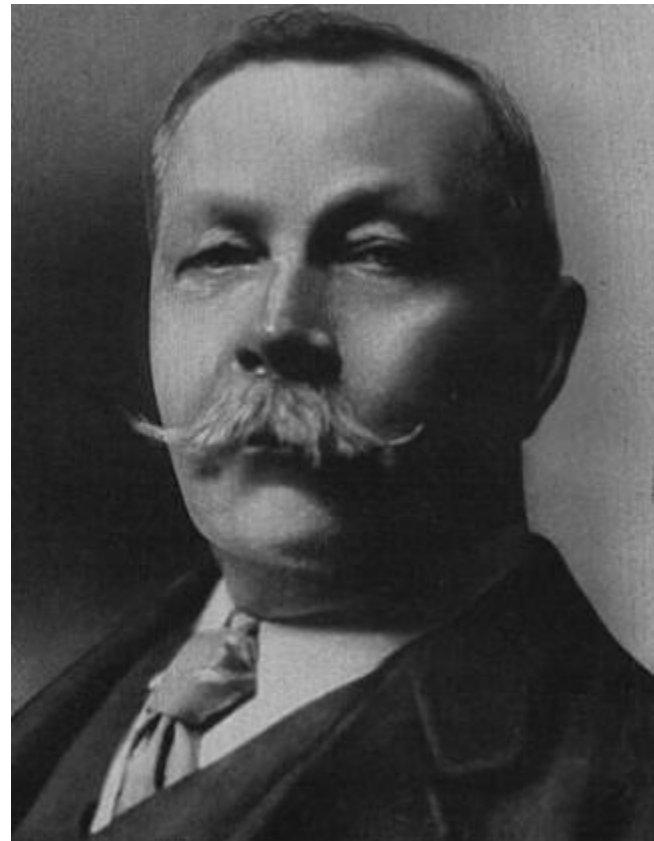

Jacoby Dakota Shaddix

I want to tell you about Jacoby Dakota Shaddix. He is a leader of the rock group Papa Roach. It's my favourite group. Almostly all Shaddix' songs are made by his feelings. To my mind, in the future he and his group will be as famous as Scorpions or ACDC.

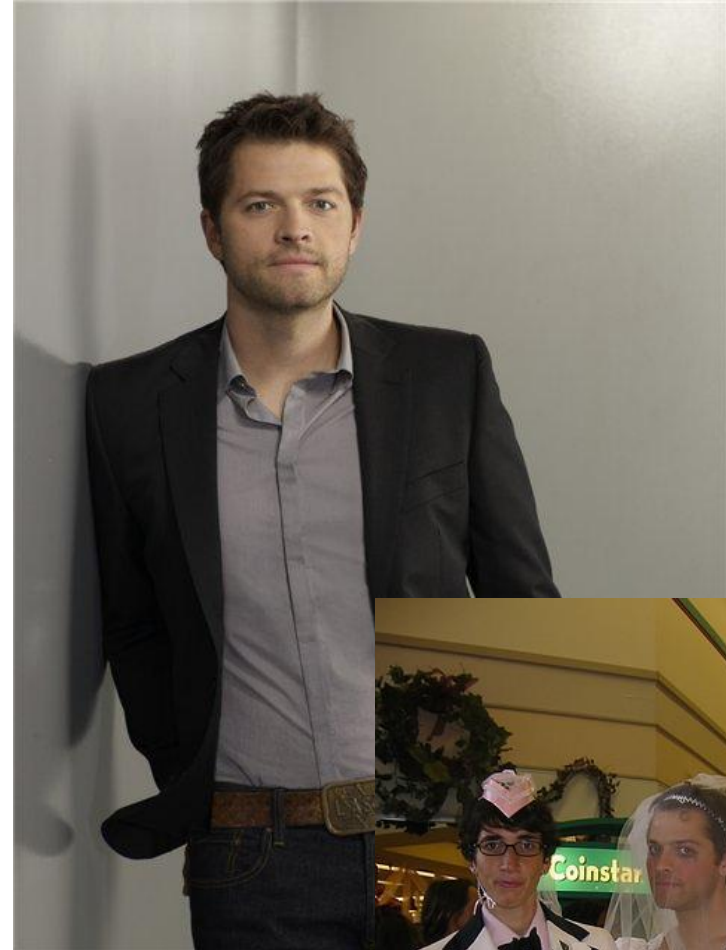

Conan Doyle

- The second person is very famous. He is known all over the world and his name is Conan Doyle. He is a Scotland and English writer. Author of Sherlock Holmes. He wrote a lot about adventures of Sherlock Holmes. When it began boring for writing about one hero, he killed him in the book “The Adventure of the Final Problem”, but fans weren’t happy of that, so he had to continue his stories. I chose him, because I think everyone loves his stories.

Misha Collins

- The third person is not very famous, but I'm sure that everyone who knows him thinks he is incredible. He is Misha Collins. Misha is an american actor. He is the most famous by his roles in Supernatural and Charmed. In Supernatural he plays an angel. I think Misha is amazing in this role. He is very friendly and funny. Especially funny and crazy. I think so because on his wedding he was in the wedding dress and the bunch wasn't as usually with flowers, it was with vegetables.

- *So, to crown it all only thing that I can say is that every of my greatest personalities is different as all the people on our planet.*
