

Canada

The presentation was prepared
by Erymenko Ann

The population.

- Canada has a population of over 30 million, about 80% of which live in the south. About three quarters of Canada's population live in towns and cities. Canada's people are varied. About 57% of all Canadians have some English ancestry and about 32% have some French ancestry. Native people – American Indians and Eskimos – make up about 2% of the country's population.

Geographical position.

- Canada is the second largest country in the world after Russia. Canada is situated in North America. Canada has 10 provinces and 3 territories, each with its own capital city. French Canadians are mostly concentrated in the provinces of Quebec and New Brunswick.

The Capital of Canada is Ottawa.

FLAG

- The country's most important symbol is the maple leaf.

Canada's Great Lakes

Lakes of Canada are very extensive and beautiful. Canada's Great Lakes are some of the largest and most beautiful in the world.

Thanks for watching
