

Dear friends)))

I Hurry to share the impressions about
the first read books in English
language!!!

This story of the author of Stephen
Colbourn about «The lost ship».

I want to share the impressions!

For an instant I appeared by this ship with all his heroes. The protagonist - the captain

and

his team with men
of a vessel.

They floated between Cuba and
Florida home.

And suddenly they got to the
Bermuda Triangle also see the

strange ship!!!

Very interestingly events develop
on to the deck of the lost ship.

That with them happened...?
You can learn, only when will read
this fantastic story.

Yours faithfully, Ulyana.
