

Presentation on the topic «Gazprom energy company»

I'd like to tell you about Gazprom energy company.

- Gazprom is a global energy company. Its major business lines are geological exploration, production, transportation, storage, processing and sales of gas, gas condensate and oil, sales of gas as a vehicle fuel as well as generation and marketing of heat and electric power.*

Gazprom accounts for 73 per cent of the Russian and 13 per cent of the global gas production

- Gazprom views its mission in reliable, efficient and balanced supply of natural gas, other energy resources and their derivatives to consumers.*

•Gazprom holds the world's largest natural gas reserves. The Company's share in the global and Russian gas reserves makes up 18 and 72 per cent respectively. Gazprom accounts for 14 and 74 per cent of the global and Russian gas output accordingly.

- *Gazprom is a reliable supplier of gas to Russian and foreign consumers. The Company owns the world's largest gas transmission network – the Unified Gas Supply System of Russia .*
- *Gazprom is the only producer and exporter of liquefied natural gas in Russia.*

- The Company is among Russia's five largest oil producers and it is the largest owner of power generating assets in the country. These assets account for 17 per cent of the total installed capacity of the national energy system.*

- *• OAO Gazprom's strategic goal is to establish itself as a leader among global energy companies by diversifying sales markets, ensuring reliable supplies, increasing operating efficiency and using scientific and technical potential.*

Thank you very much for your attention!
