Who were Jack London's Parents?

- Many people believe that Jack London's father was astrologer William Chaney. London's mother, Flora Wellman, a music teacher and spiritualist who claimed to channel the spirit of an Indian chief, was living with Chaney in San Francisco and became pregnant. Whether Wellman and Chaney were legally married is unknown. Most San Francisco civil records were destroyed by the terrible fires that followed the 1906 earthquake and it is not known with certainty what name appeared on his birth certificate. People note that in his memoirs, Chaney refers to London's mother Flora Wellman as having been his "wife" and also cites an advertisement in which Flora called herself "Florence Wellman Chaney".

Did Jack London use Plagiarism?

- Jack London was accused of plagiarism in 1901.
- He did purchase plots and novels from Sinclair Lewis and used parts from newspapers as writing material.
- Egerton Young accused Jack London of taking most of *The Call of the Wild* from his book, *My Dogs in the Northland*. London replied by saying he had thanked Egerton and listed him as a source.

How was Jack London's Health?

- By his death at age forty on November 22, 1916, Jack had been bothered for years by many number of health problems, including stomach disturbances, ravaging uremia, and failing kidneys. His death certificate states that he died of poisoning.
