

Modern Chelyabinsk

Modern Chelyabinsk - this million megalopolis is the largest cultural, industrial and commercial center of the South Urals.

City-forming enterprises belong to the metallurgical industry, but despite the huge number of factories in Chelyabinsk many beautiful parks and gardens.

Attraction modern Chelyabinsk

One of the most popular attractions is the pedestrian zone Kirov Street, popularly called "Kirovka." It is made in the image of Moscow's Arbat. It is a huge number of interesting monuments and bronze sculptures.

The second most visited attraction is the "Sphere of Love." Woven trees, forged in bronze and installed not far from the cinema "Kinomax-Ural" became a symbol of unity in love. Without a visit to "Spheres of Love" is a part of the wedding.

Another landmark is a huge indoor rink "Ural Lightning." Its counterpart is only in Moscow. Ural Lightning is considered to be the largest indoor skating track in the Urals Federal District. Regularly hosts world-class competition.

«South Ural State University»

Largest educational institution in Russia, one of the centers of education, science and culture. Rating Ministry of Education of Russian universities SUSU traditionally takes place 6-7.

Chelyabinsk railway station - one of the largest and most beautiful stations in the country, Russia's only combined rail-road transport hub. Commissioned November 6, 1965: serves 13 million passengers annually.

The city card - shopping center "Sinegorye" - a structure of unusual pyramidal structure which reflects symbolically Ural Mountains •

Every year Chelyabinsk becomes more convenient and well-planned. In the city, the inhabited quarters, new roads, hotel complexes of world level are erected, the modern exhibition centers and the conference rooms equipped state-of-the-art open.
