A vibrant, colorful illustration of an underwater scene. The background is a deep blue gradient with light rays filtering down from the top. Various types of coral are scattered throughout, including branching corals in shades of orange, yellow, and red, and some green and blue soft corals. Several fish are swimming: a large, dark-colored fish with a prominent dorsal fin is in the upper left; a smaller, reddish-brown fish is in the upper right; a blue and white striped fish is in the lower center; and a brown, spiky sea urchin is on the right. The overall atmosphere is bright and lively.

A vibrant, colorful illustration of an underwater scene. The background is a deep blue gradient with light rays filtering down from the top. Various types of coral and sea anemones in shades of orange, red, yellow, and green are scattered throughout. Several fish are visible, including a large blue fish in the upper left, a smaller blue fish in the upper right, and a large, spiky, brownish fish in the lower right. In the bottom right corner, there is a small inset image of a cartoon dolphin's head.

A vibrant, colorful illustration of an underwater scene. The background is a deep blue gradient with light rays filtering down from the top. Various types of coral are scattered throughout, including branching, brain, and tube corals in shades of orange, yellow, red, and green. Several fish are swimming: a large, spotted fish in the upper left, a smaller fish in the upper right, a pufferfish in the middle right, and a shark-like fish in the lower center. The overall atmosphere is bright and lively.
