

SEASONS AND WEATHER

SEASONS AND WEATHER

There are four seasons in a year:

- ❑ winter;
- ❑ spring;
- ❑ summer;
- ❑ autumn.

WEATHER

*Whether the weather be fine,
Or whether the weather be not,
Whether the weather be cold,
Or whether the weather be hot,
We'll weather the weather,
Whatever the weather,
Whether we like it or not.*

WINTER

The winter months are December, January and February. The days are short and gloomy. The sky is pale. Sometimes it is slippery and one must be careful when crossing the road. The rivers and lakes are covered with thick ice.

SPRING

Spring months are March, April and May. This season is especially welcome because everything

awakens from its long winter sleep.

The sun shines brightly. The grass is green and a lot of flowers peep out from the grass.

SUMMER

Summer months are June, July and August. It is the hottest season of the year. Everybody enjoys summer with its cloudless sunshine, with its gardens and meadows full of flowers.

In summer many people leave town and spend the hottest time in the country or at the seaside.
