

Интеллектуальн ая викторина

The background is a complex, low-poly geometric pattern composed of numerous triangles in various shades of yellow, orange, red, pink, purple, and blue. The colors transition from warm tones on the left to cooler tones on the right. Overlaid on this background are six green circles, each containing a white number. The circles are arranged in two rows: the top row contains circles 1, 2, 3, and 4 from left to right; the bottom row contains circles 5 and 6, positioned below circles 2 and 3 respectively. Each circle has a subtle drop shadow.
